

1 CHEMICAL PRODUCT/MIXTURE AND COMPANY IDENTIFICATION

Product Identifier:	UgnCleanPellets® C (Trade Name)
Product Use:	Filter pellets for separating organic compounds from gases.
Mode of action	Physical binding of not (or hardly) biodegradable exhaust air components followed by degradation of substances that are biologically present.
Manufacturer:	UGN-Umwelttechnik GmbH Gewerbepark Keplerstraße 20 DE - 07549 Gera
Telephone:	+49 (0)365 830 58 98
Fax:	+49 (0)365 710 69 31
Homepage:	www.ugn-umwelttechnik.de
E-mail:	info@ugn-umwelttechnik.de

2 COMPOSITION/INFORMATION ON INGREDIENTS

CONTENT [%]	INGREDIENT
20 - 25	Cellulose → CAS: 9004-34-6
30 - 60	Calcium carbonate (CaCO ₃) → CAS: 471-34-1
5 - 25	Magnesium carbonate (MgCO ₃) → CAS: 546-93-0
10 - 35	Activated carbon → CAS: 7440-44-0

3 HAZARDS IDENTIFICATION

Physical-chemical hazards:	No particular hazards known.
Biological hazards:	No particular hazards known.
Health hazards:	No particular hazards known.
Environmental threats:	No particular hazards known.
Other hazards:	None.
Hazard symbols:	None.
Hazard statements:	None.

4 FIRST-AID MEASURES

General Information:	Change clothes when covered with material dust.
Inhalation:	Seek medical attention when experiencing disorders after inhaling dust.
Skin contact:	Wash with water and soap.
Eye contact:	Rinse thoroughly with water; Seek medical attention in case of ongoing irritation.
Ingestion:	Seek medical attention after ingesting material.
Information for doctor or paramedic:	Treat according to symptoms.

5 FIRE-FIGHTING MEASURES

General information:	Product is combustible (fire class A).
Suitable means of extinction:	Water, foam, powder.
Unsuitable means of extinction:	None.
Particular hazard posed by the substance or its mixture, combustion products, or emerging gases:	Decomposition products, such as <ul style="list-style-type: none"> • Carbon dioxide. • Carbon monoxide, • Smoke.
Special protective equipment for firefighting:	None.
Additional information:	Product will char like compressed paper.

6 ACCIDENTAL RELEASE MEASURES

Personal precautionary measures:	Avoid dust formation. Use respirator in case of dust formation.
Environmental protection measures:	No measures necessary.
Cleaning procedure:	Remove mechanically. Avoid dust formation. Dispose of removed material according to applicable law.

7 HANDLING AND STORAGE

Handling precautions:	Avoid dust formation and deposition.
Fire precautions:	Keep away from ignition sources.
Storage requirements:	Keep dry, consider fire loading.
Notes on combined storage:	Store away from food.
Other information on storage conditions:	Max. stacking height 3.00 m. VCI storage class 11, combustible solid.

8 EXPOSURE CONTROLS/PERSONAL PROTECTION EQUIPMENT

Additional information on designing technical systems:	None.
Components with work place-related limits to be monitored:	Breathable fraction OEL = 10.0 mg/m ² (general OEL for dust).
Breathing apparatus:	P2 dust filter recommended.
Hand protection:	Gloves recommended.
Eye/face protection	Not necessary.
Body protection:	Not necessary.
General protective measures:	Not necessary.
Hygienic measures	Wash hands prior to breaks and after work. Use skin protection balm as a means of prevention. Do not eat, drink, smoke, or snuff when using this product.
Limitation and monitoring of environmental exposure:	Not necessary.

9 PHYSICAL AND CHEMICAL PROPERTIES

Form:	Pellets; Ø 3 – 13 mm, length approx. 10 – 60 mm
Colour:	Dark grey.
Smell:	Slightly limy.
Change of state:	Decomposition temperature 288 °C (charring).
Ignition temperature:	Not available.
Auto flammability:	Not known.
Oxidising properties:	Medium.
Bulk density:	0.5 kg/l
pH value:	8 – 9 (moist)

10 STABILITY AND REACTIVITY

Dangerous reactions:	May react with oxidising agent.
Dangerous decomposition products:	None known.

11 TOXICOLOGICAL INFORMATION

Acute toxicity:	None known.
Additional information on toxicity:	Not necessary.

12 ECOLOGICAL INFORMATION

General Information:	The material shows no adverse effects on the environment.
-----------------------------	---

13 DISPOSAL CONSIDERATIONS

Product Identifier:	As per European Waste Catalogue (EWC), a waste disposal code must be assigned in consultation with the local waste disposal company.
Uncleaned packaging:	Packaging must be completely emptied and recycled according to local laws if possible. Typically, the material can be returned to the supplier.

14 TRANSPORT INFORMATION

ADR classification: No dangerous goods.

IMDG classification: No dangerous goods.

IATA classification: No dangerous goods.

15 REGULATORY INFORMATION

Labelling as per EC directives: No labelling requirements for this product.

National regulations in Germany:

Water hazard class: Not hazardous.

VCI storage class: Class 11: Combustible solid.

Hazard statements: None.

P-Statements:

- P102: Keep out of reach of children.
- P202: Do not handle until all safety precautions have been read and understood.
- P262: Do not get in eyes, on skin, or on clothing.
- P270: Do not eat, drink or smoke when using this product.
- P280: Wear protective gloves/protective clothing/eye protection/face protection.
- P302 and P352: IF ON SKIN: Wash with plenty of water and soap.
- P305 + P351 + P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing.
- P313: Get medical advice/attention.

16 OTHER INFORMATION

General information: The above information is based on our current knowledge and experience. This safety data sheet describes products in regard to the relevant safety measures.

The information given herein represents no assurance of properties whatsoever and does not establish a contractual relationship.
